A wide range of data processing transactions are possible only subject to your express consent. You can also revoke at any time any consent you have already given us. To do so, all you are required to do is sent us an informal notification via Email. This shall be without prejudice to the lawfulness of any data collection that occurred prior to your revocation.

[Right to object to the collection of data in special cases; right to object to direct advertising \(Art. 21 GDPR\)](#)

In the event that data are processed on the basis of Art. 6 Sect. 1 lit. e or f GDPR, you have the right to object at any time to the processing of your personal data based on grounds arising from your unique situation. This also applies to any profiling based on these provisions. To determine the legal basis, on which any processing of data is based, please consult this Data Protection Declaration. If you log an objection, we will no longer process your affected personal data, unless we are in a position to present compelling protection worthy grounds for the processing of your data, that outweigh your interests, rights and freedoms or if the purpose of the processing is the claiming, exercising or defence of legal entitlements (objection pursuant to Art. 21 Sect. 1 GDPR).

If your personal data is being processed in order to engage in direct advertising, you have the right to at any time object to the processing of your affected personal data for the purposes of such advertising. [Right to log a complaint with the competent supervisory agency](#)

In the event of violations of the GDPR, data subjects are entitled to log a complaint with a supervisory agency, in particular in the member state where they usually maintain their domicile, place of work or at the place where the alleged violation occurred. [SSL and/or TLS encryption](#)

For security reasons and to protect the transmission of confidential content, such as purchase orders or inquiries you submit to us as the website operator, this website uses either an SSL or a TLS encryption programme. If the SSL or TLS encryption is activated, data you transmit to us cannot be read by third parties.

[Information about blockage, rectification, and eradication of data](#)

Within the scope of the applicable statutory provisions, you have the right to at any time demand information about your archived personal data, their source and recipients as well as the purpose of the processing of your data. - If the processing of your personal data was/is conducted in an unlawful manner, you have the option to demand the restriction of the processing of your data in lieu of demanding the eradication of this data.
- If we do not need your personal data any longer and you need it to exercise, defend or claim legal entitlements, you have the right to demand the restriction of the processing of your personal data instead of its eradication.
- If you have raised an objection pursuant to Art. 21 Sect. 1 GDPR, your rights and our rights will have to be weighed against each other. As long as it has not been determined whose interests prevail, you have the right to demand a restriction of the processing of your personal data.

If you have restricted the processing of your personal data, these data – with the exception of their archiving – may be processed only subject to your consent or to claim, exercise or defend legal entitlements or to protect the rights of other natural persons or legal entities or for important public interest reasons cited by the European Union or a member state of the EU.

YouTube with expanded data protection integration

Our website uses plug-ins of the YouTube platform, which is being operated by **"YouTube, LLC, 901 Cherry Ave., San Bruno, CA 94066, USA"**.

We use YouTube in the expanded data protection mode. According to YouTube, this mode ensures that YouTube does not store any information about visitors to this website before they watch the video. Nevertheless, this does not necessarily mean that the sharing of data with YouTube partners can be ruled out as a result of the expanded data protection mode. For instance, regardless of whether you are watching a video, YouTube will always establish a connection with the Google DoubleClick network.

As soon as you start to play a YouTube video on our website, a connection to YouTube's servers will be established. As a result, the YouTube server will be notified, which of our pages you have visited. If you are logged into your YouTube account while you visit our site, you enable YouTube to directly allocate your browsing patterns to your personal profile. You have the option to prevent this by logging out of your YouTube account.

Furthermore, after you have started to play a video, YouTube will be able to place various cookies on your device. With the assistance of these cookies, YouTube will be able to obtain information about our website visitor. Among other things, this information will be used to generate video statistics with the aim of improving the user friendliness of the site and to prevent attempts to commit fraud. These cookies will stay on your device until you delete them.

Under certain circumstances, additional data processing transactions may be triggered after you have started to play a YouTube video, which are beyond our control.

The use of YouTube is based on our interest in presenting our online content in an appealing manner. Pursuant to Art. 6 Sect. 1 lit. f GDPR, this is a legitimate interest.

We use Google Maps to present our online content in an appealing manner and to make the locations disclosed on our website easy to find. This constitutes a legitimate interest as defined in Art. 6 Sect. 1 lit. f GDPR.

For more information on the handling of user data, please review Google's Data Privacy Declaration under: <https://policies.google.com/privacy?hl=en>.

Google reCAPTCHA

We use "Google reCAPTCHA" (hereinafter referred to as "reCAPTCHA") on our websites. The provider is **"Google Ireland Limited, Gordon House Barrow Street, Dublin 4, Ireland"** ("Google").

The purpose of reCAPTCHA is to determine whether data entered on our websites (e.g. information entered into a contact form) is being provided by a human user or by an automated program. To determine this, reCAPTCHA analyses the behaviour of the website visitors based on a variety of parameters. This analysis is triggered automatically as soon as the website visitor enters the site. For this analysis, reCAPTCHA evaluates a variety of data (e.g. IP address, time the

website visitor spent on the site or cursor movements initiated by the user). The data tracked during such analyses are forwarded to Google.

reCAPTCHA analyses run entirely in the background. Website visitors are not alerted that an analysis is underway. The data is processed on the basis of Art. 6 Sect. 1 lit. f GDPR. It is in the website operators legitimate interest, to protect the operator's web content against misuse by automated industrial espionage systems and against SPAM.
